

Responsible Person Service

We can act as your appointed third party Responsible Person for both pre and post market product compliance.

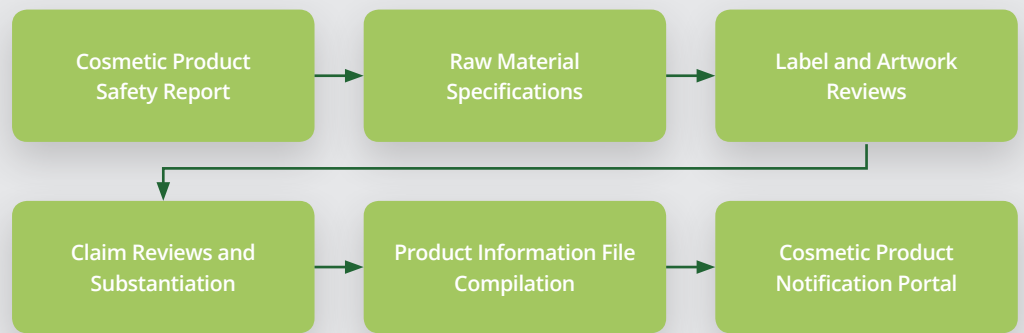

How Delphic can help

Article 4 of the Regulation clearly states that 'only a cosmetic product for which a legal or natural person is designated within the community as a Responsible Person shall be placed on the market' and further that the Responsible Person 'shall ensure compliance with the relevant obligations set out in the Regulation'.

Delphic HSE provides a Responsible Person services to ensure that the cosmetic product you place into the EU marketplace is safe for human health when used under normal or reasonably foreseeable conditions of use. As your Responsible Person, Delphic HSE will work with all aspects of your product supply chain; from the marketing department, the raw materials supplier through to the manufacturing plant.

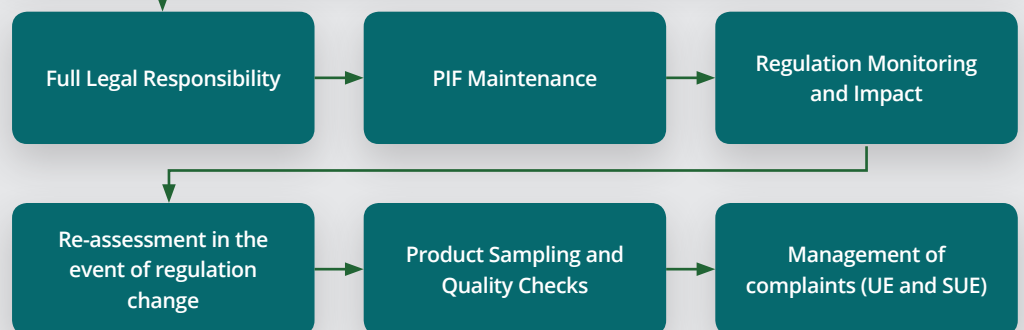

Delphic HSE Responsible Person Service includes:

Pre-Market
Product Compliance

PRODUCT IN MARKET

Post-Market
Product Compliance

All Delphic RP clients will have access to:

Legal advice and service delivery in both the EU and UK marketplace

Dedicated Project and Account Management

Ongoing advice and consultation

On-the-job-training

Liaison with client Supply Chain

Full confidentiality protected through dedicated NDA

Access to Delphic HSE's quarterly newsletter

15% discount on all Delphic HSE training courses

In addition to fulfilling the legal obligations of the EU Regulation, Delphic also provides complimentary eLearning training to ALL Delphic RP Clients. This module is based on the Articles of EC 1223/2009. It addresses each of the required competencies for Responsible Persons to ensure products are safe and that all practices, communications and documentation are compliant with regulations.

Finally, the eventual separation of the United Kingdom from the European Union may impact the way that third party service providers offer services that meet EU regulations. To ensure that Delphic can continue to provide services to companies within the EU, we have established Delphic HSE (Europe) BV based and registered in Amsterdam, The Netherlands.

Delphic Responsible Person Key Statistics

Over 1000 different types of products

Geographical cover of RP Clients

Average time for Delphic to register a product in the EU
(30 Days) *subject to data*

Number of trained and dedicated RP Specialists
(10 Specialists)

The role of the Responsible Person is key to the Cosmetic Regulation and therefore key to ensuring the safety of the product when used under normally or reasonably foreseeable conditions of use. There are numerous challenges that arise when considering the obligations the Responsible Person is required to fulfil under the terms of the Regulation;

perhaps one of the principle issues is one of knowledge and authority. The practical aspects of managing the volume of data, maintaining and verifying the information are also important considerations that need to be factored into business decisions.
